Objective:

To obtain and secure a role teaching English by utilizing the skills I have developed through education and work experience.

Key Skills:

- Education:
 - Teaching multiple subjects at the elementary level (k-6)
 - Teaching English as a foreign language (TEFL/TESOL)
 - Second language development and acquisition strategies and theories
 - Classroom management
- Experience and teaching methodologies:
 - Team teaching/Dual immersion
 - Communicative and Constructivist Approach
 - Total Physical Response strategies
 - Scaffolding techniques
 - Engage all students in the classroom by differentiating lesson plans to motivate all types of learners, ex... Learning Centers
 - Physical and Nutritional education
 - Multicultural Classroom lesson planning
- Personal qualities:

I am motivated, organized, and can manage classrooms in all types of learning environments. I have a passion for teaching children, but I am happy to teach people of all ages. I have a dynamic teaching style and engage all students by differentiating lessons, and integrating student interest into the curriculum. My goal is to be of service to my students by providing quality education with patience and empathy throughout the learning process.
